FINAL ASSEMBLY PRODUCTION ASSISTANT

Rhino Doors

We provide a comprehensive range of pre-engineered and bespoke, primary and multi-performance rated doors for the protection of our national assets. We have established ourselves over many years in key sectors including Critical National Infrastructure, Defence and Oil & Gas. We have worked on a number of transport infrastructure projects including Crossrail.

The role

Due to growing demand, we are seeking a skilled operator to join the team and work within the process of fabricating steel doors, specifically in final assembly, hand finishing and quality checking. The role will also include basic paperwork duties.

Qualifications and skills

Applicants will need to:

- Have high accuracy and attention to detail.
- Be comfortable with reading instructions and measurements.
- Have the ability to undertake detailed assembly work.
- Be used to working to drawings including CAD and Inventor
- Be competent in the use of hand tools and have high finishing standards.

We are also looking for candidates who are hardworking, self-motivated and willing to learn.

Salary and Benefits

This is a full-time, permanent position and a great opportunity to join a long-standing business with an excellent holiday and pension scheme.

This role is a Monday – Thursday 07.30 - 16.30, Friday 06.00 – 12.00, with flexibility required for overtime during busier periods.

Salary: negotiable depending on experience.

If you have final assembly, final operation, or production manufacturing experience then please don't hesitate to get in touch!
